

Introducing the Balatonfüred Congress Center

We are pleased to present the Balatonfüred Congress Center, which opened its doors in September 2023.

This brand new, modern, multifunctional facility is the perfect choice for any kind of event.

The building's versatility makes it an ideal venue for conferences, workshops, exhibitions, corporate meetings, cultural programs and theatre performances.

The plenary hall (with a capacity of 650 people), 6 section rooms of different sizes, the exhibition space and the auditorium, all together can accommodate a total of 1200 people.

Location

The Balatonfüred Congress Center is less than 1.5 hours' drive from Budapest, and less than 5-minute walk from the tourist center of the town.

In the surrounding area, there are several quality hotels open all year round.

Technical facilities

All session halls are equipped with built-in projection (projector and screen) and sound equipment.

The Plenary Room is theatre-style and has excellent sound and basic lighting, projection and interpretation equipment.

A list of our audiovisual equipment is available on request.

Within the framework of the Széchenyi 2020 program, with the support of the Economic Development and Innovation Operational Program, the Municipality of Balatonfüred City implemented the project "Development of four seasonal cultural and event venues in Balatonfüred by strengthening the existing cultural offer" with a non-refundable EU grant of HUF 4.572 billion in consortium cooperation with the Hungarian Tourism Agency Zrt.

In the framework of the project, a multifunctional event center with a gross area of 4500 m² and a capacity of 1200 seats, the Balatonfüred Congress Centre, was built on the former market and then a gravel and asphalt parking lot of Huray Street in Balatonfüred, on a surface area of almost 16 400 m², with a 284-space underground garage underneath, supported by other sources.
